

This notification pertains to the Amended March Monthly Report (02/01/10-02/28/10) in reference to FEC Letter dated May 7, 2010 asking why a disbursement changed by \$44,155.38. At the time the original report was filed, the amount paid to Aircraft Owners & Pilots Association was determined to be \$10,926.33 although after a reconciliation of cash it was determined that the amount should have been \$55,081.71. The original report inadvertently had the incorrect amount although the mistake was soon corrected in an amended report.
